Scholarships & Paid Opportunities:

- **2016 CARLSON CIVIC FELLOWSHIP**
  The Carlson Leadership & Public Service Center is excited to announce three paid fellowship opportunities for undergraduate UW students interested in expanding their leadership abilities and making contributions to the Seattle community. Through the Carlson Civic Fellowship program, the Carlson Center will “hire” three Fellows to work with three local non-profits during Winter and Spring quarters.

  The host sites for 2016 Carlson Civic Fellows will be:
  - **Asian Counseling and Referral Service** / Civic Engagement Fellow (Engaging the API Community)
  - **Puentes** / Community Mobilization Fellow (Ending Migrant Detention)
  - **Solid Ground** / Advisory Council Fellow (Racial and Economic Justice)

  Students selected as Carlson Civic Fellows will commit to working with their community non-profit for a minimum of 10 hours per week from January-June 2016 and will receive a $2,500 stipend to help make their investment of time and effort in Fellowship activities more feasible. In addition to their work with their host site, and to deepen their professional, leadership and personal capacities, Carlson Civic Fellows will also:

  - Participate in a 3-credit (credit/no-credit) Community-Based Leadership course offered through the Carlson Center during Winter Quarter (“GEN ST 348: Critical Perspectives on Service and Community Engagement”)
  - Engage in structured activities and ongoing reflection about their goals, personal strengths, leadership practice, and professional development; regular coaching sessions with a Carlson Center staff member to track progress and growth throughout the Fellowship – and will work to integrate this understanding and awareness into service with their community organization.
  - A series of community events.

For a detailed description of each opportunity, more information about Carlson Civic Fellowship program and requirements, and application materials, please visit the Carlson Center website: [http://www.washington.edu/carlson/public-service-fellowships-and-awards/carlson-civic-fellowship-students/](http://www.washington.edu/carlson/public-service-fellowships-and-awards/carlson-civic-fellowship-students/)

Applications are due to engage@uw.edu by Monday, October 19 at 5:00 PM.

The Foster School of Business and The Jackson School of International Studies have partnered to offer a Winter Quarter Course on “Business and Economic Trends in the Middle East" (JSIS 587 for 3 credits) that is linked to a 1-credit study tour during spring break to Qatar and Oman.

Information Session: October 19, 12:30-1:20pm, THOMSON 403

The Foster School and JSIS is offering a Spring Break Study Tour for 10 days to Qatar and Oman from March 18th to the 27th, 2016. Earn one elective credit and spend spring break learning about key trends that are reconfiguring the economic and business landscape in the Middle East. The study tour will compare and contrast the two countries, examining public policy, diplomacy, economic development, and the overall business climate.

This study tour is linked to a 3-credit course that is offered during Winter Quarter, called “Economic and Business Trends in the Middle East”. If you enroll in both the course and the study tour, you will receive a total of 4 credits. Students can enroll for either a business elective (IBUS 490) or a non-business elective (JSIS 487/JSIS 587). The course will be listed on the Time Schedule for Winter 2016 under JSIS 587. It is taught by JSIS faculty member and ME expert, Kristian Coates-Ulrich.

The program cost is $2,500 and includes 1-credit, housing, in-country transportation, meals, etc. On top of the program fee, students will need to purchase airfare and a travel visa.

“#OpenGaza: Trauma and Hope, First Hand”

Wednesday, October 14, 2015, 4:00 – 5:30 p.m.
Odegaard Undergraduate Library, Room 220

Please join us for this special seminar featuring Dr. Yasser Abu Jamei, MD, Executive Director, Gaza Community Mental Health Programme

Dr. Yasser Abu Jamei will describe the dire situation of physical and psychological health in Gaza through a lens of personal experience and their important work to provide health care services and to overcome the significant political barriers they face in Israel, Palestine, and Gaza. Children are especially impacted, as shown in the staggering numbers of children killed and injured last summer and the extremely high rates of ongoing traumatic stress. The impact of ongoing violence on psychological health is exacerbated by the ongoing blockade, the destruction and defunding of schools, loss of family members and friends, and stalled reconstruction efforts. We'll structure each speaking event to also include a few minutes with a Rebuilding Alliance coordinator to help the audience learn a how to contact Congress to press for a tangible and immediate way for Gaza's children and their families to recover and to also ask them to work on the big policy goal of ending the blockade of Gaza.

**Fail Forward: Reflections on Rejection**

Hear about the greatest victories and toughest defeats of outstanding UW coaches Heather Tarr (softball), Lorenzo Romar (men’s basketball) and Leslie Gallimore (women's soccer) in this evening of Reflections on Rejection, presented by the UW Resilience Lab. What can adversity, struggle and defeat teach us about success, meaning, identity and, ultimately, how to **fail forward**? We'll explore just that in this panel discussion moderated by Undergraduate Academic Affairs’ Dean Ed Taylor and Dr. Anne Browning.
