Scholarships & Paid Opportunities:

- **Reporter**

  Position Description:
  
  If you’re a reporter who is just as comfortable spending time in a tent city as a city hall; if you enjoy comforting the afflicted and delight in making the comfortable squirm; if you take big announcements from city hall with equal doses of curiosity and skepticism; and if you think a well-rounded, well-researched and well-written story can really make a difference in this city, than keep reading, because you may be the next reporter of Seattle’s best nonprofit weekly newspaper.

  As the staff reporter, you will work a 35-hour, Monday-through-Friday shift and receive benefits such as medical, dental and vision. You will work alongside an editor, multi-media reporter and an art director to create the great journalism that our readers have come to expect when they buy Real Change. You will report to the editor and be expected to produce two stories and two briefs each week.

  Who you are:

  --Minimum two years of experience as a reporter in a newsroom
  --Demonstrated commitment to economic and racial justice
  --Outstanding written and interpersonal communication skills
  --Strong inquisitive and critical thinking skills
  --Ability to work productively in a dynamic environment

  Compensation
Hourly Wage $15-17 DOE. Benefit package includes paid vacation and sick time, subsidized ORCA pass, and an annual professional development budget.

How to Apply:
Send cover letter and resume to jobs@realchangefnews.org. Priority consideration will be given to applications received by Jan. 26, 2016. Please write “Reporter” in the subject line.

People of color and those with direct experience with poverty and/or homelessness are encouraged to apply. Priority consideration will be given to current or past Real Change vendors in good standing. NO PHONE CALLS.

● Scholarships for UK Studies/Research: Rhodes, Marshall, Mitchell, Gates Cambridge, Churchill

Would you like to pursue graduate study and/or research at a university in the UK or Ireland? Consider applying for University of Washington nomination to compete for scholarship support for graduate studies/research at colleges in England, Ireland, Wales, and Scotland through the Rhodes, Marshall, Mitchell, Gates Cambridge or Churchill scholarship programs.

Brief descriptions of these scholarships are included below. We’re also offering upcoming information sessions to learn more:

- Weds. Feb. 3, 2016 @ 1:30pm in MGH 173R
- Tues. Feb 16, 2016 @ 4:30pm in MGH 136
- Weds. March 2, 2016 @ 2:30pm in MGH 173R
- RSVP to attend any session: https://expo.uw.edu/expo/rsvp/event/200

Applicants should meet the following general requirements:

1. Have obtained a baccalaureate degree by August 2017
2. Be a U.S. Citizen at time of application. International students can apply for both the Rhodes and Gates Cambridge programs through their home countries. Rhodes also allows applications from lawful permanent residents of the US prior to and including at least 5 years of the application deadline.
3. A 3.7 GPA or higher is recommended for competitiveness in the campus selection process as well as the national competitions, even where the eligibility requirements do not state a GPA minimum.
4. Age requirements: Mitchell (29 or younger), Rhodes (23 or younger) on October 1st.
Campus Nomination Deadline: April 7, 2016

Note: The Gates Cambridge, Marshall and Rhodes scholarships provide enough funding to complete a graduate degree.

If you have any questions regarding the listed scholarships, please contact me! Additional details regarding the campus nomination process are also available on our website: http://expd.washington.edu/scholarships/search (keyword search for each scholarship to get to each scholarship page).

● The College of the Environment’s Academic Affairs team is hiring a Career Services Program Assistant. Undergraduate and graduate students with an interest in environmental careers and/or career services are encouraged to apply. This position is posted on Husky Jobs: http://careers.washington.edu/HuskyJobs/Students

HuskyJobs ID# 98892

Questions about the position? Please email coenvaa@uw.edu

Learning & Leadership Opportunities:

● Design/Build Study Abroad Programs this coming Spring and Autumn 2016 quarters, through the Department of Landscape Architecture.

Please contact Professor Daniel Winterbottom, nina@uw.edu, if you are interested in either.

China Program Description

We will collaborate with students and faculty from the School of Geography and Environmental Sciences, Guizhou Normal University Guiyang, Guizhou province to design and build a gathering place for families from a local village. We will live and work in the Yelang Valley Park, Guiyang, near the Normal University Guiyang. We will create a family gathering area for families from near by communities. Our project will complement the unique forms and features of this unusual/ sculpture park, Yelang Valley, created by the artist Song Peilun, who over 17 years built this memorial to a disappeared tribe who lived in Guizhou a thousand years ago. Yelang Valley is in a forested areas far from Guiyang downtown, however through rapid urbanization, the government has moved many universities into this area. Yenglang Valley is next to the campus of Guizhou finance University and Guizhou Normal University. The park occupies about 200,000 m2. There is a small Buyi minority village nearby (15 minutes away by walk) and the level of craft
within the park is an amazing combination of dry stone, wood and terracotta sculptural elements.

In this program students will design and construct the landscape elements and learn:

The principles of craft and design, construction drawing documentation, construction, materials and field sketching. We will be working with local Chinese builders who specialize in traditional building techniques.

The location of the program is an area unique with many ethnic traditional villages in close proximity to the program site and unique geological and ecological features such as karst canyons and waterfalls. The surrounding area features cheap local cuisine and nightlife.

**Croatia Program Description**

In collaboration with students and faculty from the University of Rijeka, Departments of Fine Art, Engineering and Pedology, we will be living and working in Rijeka, the 3rd largest city on Croatia in the Karvner region on the Adriatic sea. In this program we will create a sensory therapeutic garden for use by the blind or those with compromised vision, disabled adults, kindergarteners and high school students on the grounds of a former monastery, now a dormitory for high school and college students and a functioning catholic church. In addition will create a master plan for Dom Turnic, a residential facility for disabled adults. Students will work together to explore and implement principles of therapeutic environmental design, cultural place attachment, traditional building techniques of Croatia and ecological design to create this sensory garden and master plan. This is a program where students will both design and construct the sensory garden and students will learn:

- Principles of Therapeutic design
- Construction drawing documentation
- Construction
- Craft and building materials
- Field sketching

● **Julia Robinson Math Festival is April 3rd at the HUB.** This event is really rad; a non-competitive celebration of the beauty of mathematics and the joy of puzzles. TSers may participate, EEPers/ACADs can volunteer. You can get a taste of the type of problems you'll see [here](http://www.mathfestival.com/).

● **Math Moves at the Pacific Science Center.** This math specific exhibit is coming to the PSC, January 23 - May 1. If you're interested in volunteering, [click here](http://www.pacificsciencecenter.org/). They're looking for adults (18+) who can make it at least every other week to share their love of math.
South Korea's former Prime Minister and current Special Envoy of the UN-Secretary General for Disaster Risk Reduction and Water - Dr. Han Seung-soo will be giving a **lecture on climate change and water management.**

Thursday, February 11th, 6:30 PM, ARCH Hall 147.

Free admission. Reserve your seat [here](#).

**iSchool Employer Connections Fair**

Wednesday, February 3, 2016, 1:30 - 4:30 PM

Husky Union Building (HUB), University of Washington

The iSchool Employer Connections Fair (ECF) is an opportunity to engage with employers interested in hiring a wide range of information technology and information science jobs and internships. Students will find job and internship opportunities in software development, application development, library science, taxonomy and information architecture, information technology consulting, user experience design, and much more. The fair is open to all UW students across campus who are seeking jobs and internships in the information science field.

Expectations of students attending:

- Come dressed up in business or business casual attire
- Bring multiple copies of your resume

Additional information on the fair and attending employers can be found here: [https://ischool.uw.edu/current/career-services/employer-connections-fair](https://ischool.uw.edu/current/career-services/employer-connections-fair)
