Scholarships & Paid Opportunities:

- **CLUE is hiring for a Statistics Drop-in Tutor** for the remainder of this year AND the full 2016-2017 academic year. We are not open in the summer. We are looking for an undergraduate student with an interest in teaching and supporting their peers to be successful in Statistics. The job requires 10 hours a week of drop-in work and additional training, advertising and reviews.

  **Required Courses**

  Drop-In tutors in Statistics are required to have successfully completed these courses in their discipline:

  ~Statistics- 201, 220, 221, 311, 390, Qmeth

  **To Apply:**

  1. Email clue@uw.edu and attach a cover letter, resume, and current UW transcript as well as any past transcripts that show grades in the required courses.

  2. Attach all transcripts in PDF format

  3. Attach resumes and cover letters in Word or PDF format

  3. Write in the subject of the email ‘CLUE STATS Tutor Application’

  Applications are due Friday Feb 19th by 5pm.

- Going on an [Exploration Seminar study abroad program](#) this summer? Apply for the **2016 Husky Pride Fund Scholarship**!

  [What's the Husky Pride Fund Scholarship?](#)
- scholarship created by students, for students, and is run by ASUW
- three $2,000 scholarships will be awarded
- scholarship award to be used toward program fee of Early Fall 2016 Exploration Seminar study abroad programs offered through the UW Study Abroad Office

Who can apply?

- current student at the University of Washington
- receiving Financial Aid
- register for a 2016 Early Fall Exploration Seminar Program
  - a complete list of eligible programs can be found on the UW Study Abroad website
  - preference will be given to students who haven't studied abroad before

How do I apply?

- Application available online at tinyurl.com/HPF2016
- Deadline to apply is February 26th, 2016 at 11:45 PM

Where can I learn more?

- Husky Pride Fund website — hpf.asuw.org
- Facebook — facebook.com/huskypridefund
- HPF Chair, 2015-2016 — Leigh Friedman, asuwbdsp@uw.edu
- UW Study Abroad / Exploration Seminars — washington.edu/studyabroad/early-fall-2016-exploration-seminars/

- **Class of 1962 Endowed Scholarship** – new in 2016!

  The Class of 1962 Endowed Scholarship provides financial assistance to current undergraduate students at UW. The donors to this endowment, members of the University of Washington Class of 1962, wish to target support to students who may not qualify for financial aid but for whom the cost of attending the University poses significant financial challenges. The donors aim to fund “the gap”: the growing number of middle-class students, many of whom do not qualify for federal funding or Husky Promise and must take out student loans and work full- or part-time to support their education.

  To be eligible for this scholarship, students must be:
● Undergraduates - freshmen, sophomores, juniors and non-graduating seniors (seniors are not eligible unless they intend to enroll as full-time students in at least summer or fall quarter 2016),
● Washington State residents,
● Have a 3.3 minimum GPA,
● Demonstrate academic merit, leadership and service, and
● Students who don't qualify for most (or any) forms of free financial aid, must take out student loans and work full- or part-time to support their education, and for whom the cost of attending the UW poses significant financial challenges.

Additional details and the online application form are at:

Deadline for applications: April 8, 2016

● Class of 1957 Scholars Award

The Class of 1957 Scholar Award is sponsored by the UW Alumni Class of 1957 to provide scholarship support to outstanding undergraduate students at UW. The scholarship shall be awarded to current sophomores, juniors and seniors based upon their academic merit and financial need. (Graduating seniors are not eligible unless they are intend to enroll as a full-time student summer or fall quarter 2016.)

Eligible students must be:

● Sophomores, juniors or seniors as of autumn quarter 2015; graduating seniors are not eligible unless they intend to enroll as a full-time student summer or fall quarter 2016;
● Have a 3.3 minimum grade point average;
● Financial need as indicated by the Financial Aid Office; and
● Able to demonstrate academic merit through involvement in experiential learning activities relevant to their academic, career and/or professional goals. Appropriate activities can be research, internships, study abroad or other experiential learning activities.

Additional details and the online application form are at:
Deadline for applications: April 8, 2016

**Class of 1954 Achievement Scholarship**

The UW Class of 1954 Achievement Scholarship will be awarded to outstanding students at UW who, by their achievements and goals, enrich society and themselves. Scholarships are awarded to current UW juniors and seniors on the basis of academic merit and extra-curricular activities. Funding may be used to support activities engaged in during the Summer of 2016.

**Eligible students must be:**

- Juniors and seniors as of autumn quarter 2015 (graduating seniors are eligible if enrolled full time in spring 2016),
- Have a 3.3 minimum grade point average,
- Financial need as indicated by the Financial Aid Office, and
- Able to demonstrate involvement in and relevance of extra-curricular activities to their academic, career and/or professional goals. Activities can be study abroad and study or work in communities of need including research, internships, leadership or other experiential activities. A plus factor will be for those students who have arranged such experiences with a partner agency sharing support.

Deadline for applications: April 8, 2016

For additional information about any of these or other scholarships for undergraduates, please contact the [Office of Merit Scholarships, Fellowships & Awards](#).
Learning & Leadership Opportunities:

- **Foster School Shanghai Study Abroad Program**

  The Foster School is launching a brand new program in Shanghai, China this summer A-term where students can take two core business school classes, visit companies, and explore the city! Both students admitted to Foster and those applying in the spring 2016 are eligible to apply. Students who are in other majors are also eligible to apply as long as they have completed the pre-reqs before we summer – the main prerequisite course is Accounting 225.

  The application deadline has been extended to 2/16. Apply now!

- **Seattle MESA is recruiting for volunteers** to help out at MESA Day!

  Seattle MESA (Mathematics, Engineering, Science Achievement) will be hosting MESA Day at North Seattle College March 26th, Saturday.

  We are looking for volunteers, who can participate in many ways, including: judge challenges, lead mini competitions, present demonstrations, and basic event logistics (taking pictures, serving lunch, for example).

  To sign up: http://goo.gl/forms/Ks9q1zdgQZ

  For more information: http://seattlemesa.org/take-action/mesa-day/

  It would be great to have you there volunteering!

  Questions? Contact Martha Flores Pérez – mgfp@uw.edu

- **Study Abroad in London**. VLPA Credit. Open to all Undergraduates.

  Program fee: $3,517.

  Engl 395 (5 cr) Theatre in London and Stratford upon Avon
IPE Exploration Seminar, August 21-17 September 2016

*Application deadline: February 20, 2016 (not March 1st as previously announced)*

The goal of the program is to help students become more informed, active, confident, and critical participants in theatre productions. We will read five plays and discuss possibilities for dramatic representation before seeing them on stage; we will write about our experiences in a Theatre notebook/scrapbook; and we will tour theatre districts in London, the Shakespeare properties in Stratford, and take backstage tours at the National Theatre and the Globe.

For Questions, email: zhangc2@uw.edu

- **The UW Medicine Department of Neurological Surgery Summer Student Program** provides “Bench to Bedside” exposure in the field of neurosciences. Established in 2008 by Richard G. Ellenbogen, M.D., Professor and Chair of the UW Department of Neurological Surgery, the program provides students seeking summer lab placements the opportunity to explore basic and clinical neurosciences. This 8-week program aims to help students learn about and consider pursuing an academic career in research and/or medicine.

Applications for the Summer of 2016 are now being accepted and are due March 1st, 2016.

Please note the following requirements:

- You must be 18 years of age or older.
- You must be either a US citizen or have permanent residency status.
- University undergraduate students may apply.
- High School students may apply if they are either rising seniors or recent graduates accepted to enter university.
- You must have current immunizations and TB test results through the program end date.
- Out of area students will have housing stipends available but are responsible for their own meals and transportation.

Application deadline: March 1, 2016.

For more information and to apply visit:

- **Greening UW Health Sciences** - Quick Survey & Student/Faculty/Staff Interest

We are a team of UW undergraduates working on an project for the UW Environmental Stewardship Committee (ESC) that will provide initial information for launching a Greening
Health Sciences Initiative in the near future. We will be working very closely with the schools and colleges that make up UW Health Sciences (Dentistry, Medicine, Nursing, Pharmacy, Public Health, & Social Work) but we are also aware that many pre-med students work towards degrees in other areas of the university so we did want to reach out campus wide.

We created a survey to help us understand awareness and interest level of students, faculty and staff in environmental issues related to healthcare. Information collected from this survey will ultimately help implement and improve environmental education and operations efforts across UW Health Sciences. We invite you to take this quick online survey and kindly ask that you pass this along to other students, staff, and faculty.

This online survey is completely voluntary, but your participation is greatly appreciated. Due to the large number of survey participants, the likelihood that individuals would be identifiable from responses is very low. You will be asked questions about your knowledge and perception of environmental issues within the health science field. The 12-question survey will take less than 5 minutes to complete. The data will be used to gauge environmental interests and efforts within the health sciences and the results will be incorporated in undergraduate senior theses and presentations on the topic.

Link to survey:
https://catalyst.uw.edu/webq/survey/jenpow/291981

**Call for Applications! Summer Institute in the Arts & Humanities-apply by March 28**

The Undergraduate Research Program is pleased to announce the call for applications for the 2016 Summer Institute in the Arts & Humanities (SIAH)!

This year’s theme is *Excitations: Energy Studies in the Arts & Humanities*

The institute provides students an opportunity to undertake original research on the role of energy in the arts and humanities. Energy touches all aspects of our lives. Because of this, the concept of energy has been important in fields as diverse as science, philosophy, art, music, history, politics, and cultural theory.

2016 Teaching Team:

- Rebecca Cummins, Professor, Photomedia, School of Art
- Tyler Fox, Studio Dir. & Lecturer, Interdisciplinary Arts & Sciences, UW Bothell
- Phillip Thurtle, Associate Professor, Comparative History of Ideas
- Joel Ong, PhD Student, Digital Arts & Experimental Media

Eligibility: UW (Bothell, Seattle, & Tacoma) undergraduate students in good academic standing who are interested in an intensive experience in scholarly research in the arts and humanities are encouraged to apply.

SIAH selects and supports 20 undergraduates to engage in intensive research projects under the guidance of four interdisciplinary instructors. Selected students are named Mary Gates Scholars and receive a Mary Gates Research Scholarship of $4,500 to help defray the costs of participation. Participants enroll in 12 academic credits for this full-time research immersion experience.

For more information and to sign up for an Information Session:
uw.edu/undergradresearch/summer/siah/application-info/

Questions?: Contact the Undergraduate Research Program at urp@uw.edu.
**Events:**

- **Food Justice Film Series**
  
  Join us Thursday evening, 3/3, for a film and (FREE) food! We'll be watching *FORKS OVER KNIVES*, an exploration of the health benefits of adopting a plant-based diet. *Veggie Grill* and *Blazing Bagels* are graciously providing vegan food; dining and discussion will follow the movie. Dining and discussion will follow the movie.

  This is the last of three films in the Food Justice Film Series, a collaborative effort between the following UW RSOs:

  - *Husky Real Food Challenge*, *Campus Animal Rights Educators - CARE*, *The UW Farm*, *Food Recovery Network of UW*, and *ASUW Student Food Cooperative*

  This will also be an opportunity to learn about how you can get involved with these groups.

  Facebook Event Link: [https://www.facebook.com/events/156332654735861/](https://www.facebook.com/events/156332654735861/)

- **Lunar New Year Festival**

  Seattle's annual Lunar New Year Celebration is back on Saturday, February 13 from 11am - 4pm in the heart of the Chinatown-International District. Come out and help us usher in the Year of the Monkey!

  Join us at the Main Stage where there will be non-stop cultural performances from dragon and lion dances, traditional Japanese taiko drumming, Bollywood dancing and the 7th annual Children's Parade and Costume Contest.

  Facebook page: [https://www.facebook.com/events/148665785508825/](https://www.facebook.com/events/148665785508825/)

- **Valentine's Day Vegan Bake Sale!**

  Join us over at Vegan Haven for a 1 day only special Valentine's Day Vegan Bake Sale!

  **What:** Valentine's Day Vegan Bake Sale for Pigs Peace Sanctuary!

  **When:** Sunday February 14th 2016 from 10am to 8pm.

  **Where:** Vegan Haven - 5270 University Way NE, Seattle, WA 98105

  **Why:** Because the pigs over at Pigs Peace Animal Sanctuary are feeling the love of living their days in sanctuary and want you all in Seattle to feel the love with special holiday treats! What
better way to enjoy a treat knowing 100% of your Bake Sale money goes directly to their needs (Hay, shelter costs, veterinary care).

Email BakeSale@PigsPeace.org to sign up as a Baker!

All Bakers must email to sign up and follow our baker guidelines! Thank you!

● NASA Summer 2016 Internship Online Recruiting Fair → Feb. 17

There will be a Summer 2016 internship online recruiting fair on Wednesday, February 17, 2016 from 13:00 to 17:00 Eastern Standard Time. All NASA facilities will be participating. It will be a text chat environment, with each NASA center having a virtual booth, staffed with engineers, scientists, and education specialists from all over the agency. You will be able to ask the engineers and scientists about their exciting work. You will also be able to ask the education specialists about how to apply for internships and what students can expect during their internships.

You can register by following the link below:

Once there, hit the register button. Fill in the information to create an account. Fill out the participant registration form, and you will be ready for when the event starts. If you are looking for more information, there is a quick video at the bottom of the landing page which explains the basics of how to use the website.

● Certificate of International Studies in Business Program

Are you interested in business, language and culture? If so, apply to the nationally-ranked undergraduate Certificate of International Studies in Business Program (CISB) and get the competitive edge you need to succeed in this interconnected business world! CISB, an intensive supplement to the Bachelor of Arts in Business Administration, gives you the academic and real-world preparation you need for a global business career through immersion in a foreign culture, study/work abroad, language study, practical experience and leadership skill development.

Come to an upcoming info session to hear from staff and students about the benefits of CISB!

- Wednesday, Feb. 10, 12:30 p.m., Dem 233
- Thursday, Feb. 25, 12:30 p.m., Dem 233

For more information, please contact CISB at cisb@uw.edu or 206-543-5985.

● Apply for an exciting opportunity to attend the 2016 Citizen University taking place in Seattle on March 18 & 19, 2016!
**Citizen University's** annual national conference is a creative and vibrant gathering on the art of powerful citizenship. Hundreds of change makers, activists and catalysts from across the United States show up to learn about power, build their networks and recharge their sense of purpose. As Citizen University states, "Learn the elements of civic power. Practice social and political action. Connect with people from left and right so we can solve problems together. America today is in the midst of a revival of citizen spirit. Be part of it." For more information about Citizen University and to see their agenda and list of the amazing 2016 speakers and presenters, please visit their website at: [http://www.citizenuniversity.us/conference/](http://www.citizenuniversity.us/conference/)

Citizen University 2016 is taking place on Friday, March 18 from 6 - 9:00 p.m. **AND** Saturday, March 19 from 8 am - 5:30 p.m. at Seattle Center. The University of Washington* is sponsoring and covering the cost for 28 UW students to attend this exciting conference. These 28 students will play an active and involved role at the conference as participants.

What is required of the UW students selected to attend Citizen University 2016?

· Attend a pre-conference orientation on Tuesday, 3/8 at 5:30 – 7 p.m. in Mary Gates Hall 258.

· Attend and participate in the entire conference on Friday, 3/18 from 6- 9:00 p.m. **AND** Saturday, 3/19 from 8a.m. - 5:30 p.m. at Seattle Center.

· Enroll in (or audit) the Citizen University 1-credit CR/NC course this spring quarter (GEN ST 344) to further explore your concepts of citizenship. Course will meet Wednesdays: April 13, April 27, May 11 (see below), and May 25 from 3:30 – 5 p.m.

· Present your learnings at the Spring Celebration of Service and Leadership on May 11, 2016. (This event intentionally overlaps with one of our class sessions.)

If you are interested in applying for one of these 28 spots, please answer the questions in this online application:

[https://catalyst.uw.edu/webq/survey/purschk/292238](https://catalyst.uw.edu/webq/survey/purschk/292238)

Application deadline is Monday, 2/22 at 11:59 pm. If you have any questions, please feel free to contact Nani Vishwanath at nvish@uw.edu or Kathryn Pursch Cornforth at purschk@uw.edu.

*Student sponsorships have been made possible by the Husky Leadership Initiative, Carlson Leadership & Public Service Center, and the Foster School of Business.

**Quinceaner@**

Each year La Raza Commission at the University of Washington puts on a Quinceaner@, a drag show event. This event is aimed to honor and celebrate with the queer Latinx community. We are currently looking for performers, from drag to poetry to singing! All talents and identities are welcomed!

The 5th Annual Quinceaner@ is Friday, February 12 from 7-9pm in the ECT.
More event details on the facebook event page.

https://www.facebook.com/events/116159178763293/

● This is a final reminder and invitation to the **BASW Open House** on Monday, February 22\textsuperscript{nd} from 6:00 to 7:30 p.m. -- an opportunity to learn about the Bachelor of Arts in Social Welfare program at UW Seattle. We invite prospective students as well as advisers to join us! This is a great opportunity to meet current BASW students and staff, enjoy free food, and learn about the program and application process. The deadline to apply for Fall 2016 BASW admission is April 1.

Guests are asked to register in advance via [http://socialwork.uw.edu/admissions](http://socialwork.uw.edu/admissions). Hope to see you there!

● **"Making a Murderer" Panel Discussion**

Thursday, February 25th // 4:00-5:30pm // Savery 260

Open to all UW students, faculty, and staff!

*Sponsored by LSJ & The LSJ Advisory Council*

The Netflix series, *Making a Murderer*, has stimulated a wide-ranging national and even international conversation about the criminal process in the United States. It raises questions about the presumption of innocence, the rightful conduct of the police, prosecutors and defense attorneys, and the possibilities of wrongful convictions. The series also raises questions about the ethics of documentary film-making.

This panel discussion will address these and related questions, in an attempt to understand the wider lessons that *Making a Murderer* might teach us. Please note: There will be spoilers!!

**Panelists**

- Adam Long, Civil Deputy Prosecuting Attorney, Island County, LSJ '09
- Ann Frost, Assistant Professor--UW Tacoma, LSJ Instructor, Former Public Defender
- Alex Stonehill, Editor in Chief at SeattleGlobalist.com, Documentary Filmmaker, UW Communications Artist in Residence
- Christy Keating, Deputy Prosecuting Attorney, King County
- Jennifer McIntyre, Attorney & Assistant Director, Snohomish County Public Defender Association

● **6th Annual Summer Institute on Sustainability and Energy**

*Presented by The University of Illinois at Chicago In partnership with Argonne National Laboratory; Clean Energy Trust; Institute for Sustainability & Energy at Northwestern (Northwestern University); Loyola University; UI LABS; University of Chicago; Wanger Institute for Sustainable Energy Research (Illinois Institute of Technology)*
The SISE Program

The Summer Institute on Sustainability and Energy (SISE) is a two-week intensive workshop and lecture series for students and professionals. From August 4-16, a diverse body of participants will engage a broad spectrum of energy and sustainability-related topics through daily presentations, collaborative projects, mentoring activities, site visits, and networking opportunities with leading research institutions and companies in the digital technology and energy sectors. The issues presented will be of interest to scientists, economists, political scientists, urban planners, engineers, architects, and entrepreneurs. Graduates leave as thoughtful and informed global citizens with a firm foundation and expanded network for careers in sustainability, energy, and smart technology and infrastructure.

2016 Theme: Nexus

Water and energy have long been thought of--and addressed as--two separate issues. With the advent of systems thinking, life cycle assessment, and similar strategies for interdisciplinary analysis, the connection between water and energy has only recently been fully acknowledged. This nexus will be challenged in the coming decades as a result of 1) a growing world population, 2) the need to cultivate more food, 3) a dwindling supply of available water resources, and 4) unforeseen disasters as result of climate change. It is important for energy and sustainability-minded professionals, and all future decision makers, to become fluent in the issues surrounding the nexus, and to work together to implement innovative solutions in the decades to come.

SISE will 1) explore the relationship between energy and water with an eye towards environmental and agricultural impacts; 2) explore the use of water, especially in energy extraction (fracking) and generation; and 3) highlight the role of the grid in energy issues, emphasizing three specific areas: smart grid, storage for the grid, and the distribution of energy. Participants will consider where the United States is to date, potential solutions, and obstacles and opportunities for each path moving forward.

Now Accepting Applications

Admission into the program is highly competitive, drawing from a national pool of applicants. Participants can expect lodging for the duration of the 2-week program. Many participants will receive partial support for travel costs.

Senior-level undergraduates (as of the fall of 2016), graduate students, and professionals working in the fields of sustainability and energy who are living, working, or studying in the United States are eligible to apply. An online application, a resume, and two letters of reference are required. Applications will be accepted through July 1, 2016. More information is provided on the SISE website. If you have any questions or concerns, please contact Thomas Alâan (uic.sise.admissions@gmail.com), SISE Program Coordinator.

We look forward to seeing some of you in Chicago this summer!

Website: [http://sise.uic.edu](http://sise.uic.edu)

Facebook: [https://www.facebook.com/uic.sise](https://www.facebook.com/uic.sise)
phone: (312) 996-2141

6th Annual Program: August 4-16

Applications open through July 1. Lodging provided. Travel scholarships available.
